

The Outstanding Young Neuroscientist Awards The Outstanding Neuroscientist Awards

NOMINATION GUIDELINES

The Outstanding Young Neuroscientist Awards recognize postdoctorals and early-career scientists who have made significant accomplishments in the field of neuroscience.

Award Criteria:

- postdoctoral students of neuroscience or junior scientists who have received an advanced degree within the past 10 years
- have made significant contributions to the field of neuroscience

The Outstanding Neuroscientist Awards are presented to scientists who have made outstanding contributions to the field through research and other scientific achievements.

Award Criteria:

- have made significant contributions to the field of neuroscience
- have conducted research in the field of the brain, spinal cord or peripheral nervous system

The following documents are required to be considered for the aforementioned awards:

- A cover letter from the nominee OR a letter of recommendation from second parties (not exceeding two pages) providing the reasons for nomination and commenting on the nominee's contributions to the field of neuroscience
- A short curriculum vitae (not exceeding two pages) of the nominee
- A short list of the representative publications (in 300 words or less); URL of website (if available)

All nominations should be submitted to office@isnconnect.org by **20 April**. Nominations will be evaluated with the final selection made by the ISON Council. Award winners will be announced at the 2018 ISON Annual Meeting.
